Taking fewer credits substantially increases the cost and the number of semesters to graduate.

wishing to complete a Spanish major and one of these area studies minors must take an additional 6-9 hours chosen from the approved electives for either major or minor. Consult the department and the advisement center for clarification of the choices available to you.

BA in Spanish Translation (555423) 2023-2024 Program Requirements (38.5 - 56.5 Credit Hours)

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

It is strongly recommended that StDev 317, a 2-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

Foreign Language Student Residence -
The Foreign Language Student Residence provides livein opportunities for students in Spanish. A twenty-four-hour-a-day Spanish rule assures participants intensive use of the language, under the direction of native speakers. See the department secretary at 3190 JFSB for information.

Foreign Residency -
The department strongly recommends that all majors participate in an extended (at least two continuous months) and intensive language and culture experience in a Spanish-speaking country or area:

A student should complete this requirement by:

1. Residency abroad (may include a Spanish LDS mission, attendance at a foreign university, an advanced exchange program, or similar intensive foreign residence).
2. Participating in BYU Study Abroad Programs in Spain or Spanish America.
3. Participating in individual or group-arranged internship programs

   1. abroad as approved by the department.

Students unable to participate in one of these programs must spend at least one year (two semesters) in the Foreign Language Student Residence, pledging to use only Spanish within the residence. Prerequisite to this experience is Span 201 or its equivalent; any exceptions must be approved by the department. For further information contact the department secretary or the Foreign Language Student Residence Office (3086 JFSB, PO Box 26001, BYU, Provo, UT 84602; 801-422-3765).

THE MAJOR:
The undergraduate Spanish Translation major is a liberal arts program that aims to develop skills in critical thinking, written expression, and oral proficiency in the Spanish language and appreciation for Spanish literary tradition and cultures. In addition to the basics of the program, skills in translation and interpretation are included. It is designed to serve students who plan to enter the learned professions or pursue other career paths that require perceptive reading, orderly and clear thinking, intellectual maturity, effective writing, and acceptable oral communication, as well as the ability to interpret speech and translate documents from one language to another. It is also designed to establish habits of broad spiritual thought and appreciation that will provide a source of life-long personal betterment and service to the extended community in a general sense and in a specific sense professional service in translation and interpretation between Spanish and English.

CAREER OPPORTUNITIES:
This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements. See https://enrollment.byu.edu/financialaid/occupationally-required-professional-licenses-or-certifications.
